

MUSICAL MOMENTS

Musical Moments in Classical Choral Music 1

Would you like to discover how western church choral music developed from the Medieval period to the Classical period? Keen to expand your list of church choral repertoire? You may also want to grasp the social and historical context of such choral works. Join us as we examine, listen and sing important church choral repertoire excerpts, beginning with ancient chants to grand oratorios. Engaging and enlightening activities comprise of music scores reading, listening to recordings, discussions, presentations and group-singing.

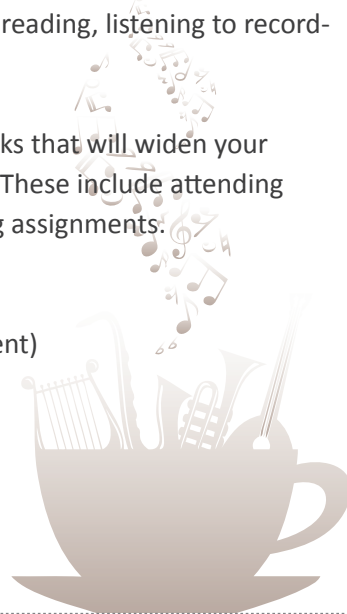

Beyond the classroom are fun practical and aural tasks that will widen your learning scope and enrich your learning experience. These include attending concerts and completing simple singing and listening assignments.

Basic Requirements:

- a) Knowledge- Basic music theory (Gr.1-3 or equivalent)
- b) Skills- can read music and sing in pitch

Instructor Samuel King
